

# Chickadee Farms

## 2018 CSA Spring/Fall

### CSA Schedule

Spring Share 12 Weeks

April 3rd- June 19th, 2018

Fall Share 12 Weeks

August 28th- November 17th, 2018

### How Shares Work

Each share is \$25 worth of seasonal produce, herbs and/or fruit grown, harvested, and packaged from Chickadee Farms.

Everything on our farm is grown without the use of chemical pesticides, herbicides or insecticides and our focus is on building healthy soils by using organic farming methods.

The CSA is presented market style, meaning your share choices are presented like a farmer's market table meaning we are able to offer a couple of produce choices each week (i.e. spinach or arugula)

In the spirit of sustainability members are asked to bring 1-2 reusable bags to pick up their share each week

### Share options:

**Full Share:** Pick up a share of produce every week with the Full Share.

Perfect for a family or those who love to cook.

**Half Share:** The Half Share contains the same amount of produce as the full share, you will just pick up *Every Other Week*. The Half Share is just the right amount of veggies if you're new to the CSA model, are a single person, or just end up cooking a couple of nights a week.

***Example of a share from November 2017***

Choice of 2: Parsely, Dill or Cilantro	2	Bunches
Lettuce, Head	1	Head
Mild Salad Turnips	1	Bunch/ 5-7
Choice: Spinach or Arugula	1/2	Pound
Carrots	1	Bunch
Choice: Cabbage or Winter Squash	1	Head/Fruit
Collards	1	Bunch
Radishes, Watermelon	3	Radishes
Peppers, Sweet	1	Pint

Here is what comes with your CSA membership package.

- **24 weeks of our fresh and great-tasting vegetables** Spring 12 weeks (April-June) & Fall 12 weeks (September-November). This includes the core box plus access to **the swap table**. *New this year, swap out veggies in your share for those on the swap table!*
- **Access to the private Chickadee Farms Facebook group** -- A community of foodies all eating the same food each week, and supporting each other in the process.
- **A wide variety of veggies each week**-- You'll get a healthy mix of staples and artisanal veggies in each box. We do that on purpose because we know that you would never choose watermelon radishes on your own. But we've seen countless people who have expanded their tastes because we "forced them" to try someone new. And since we're about changing the way people eat, this feature is a non-negotiable for us.

- **You're supporting a local business** -- You can know that 100% of your dollars are going right to our family to support us. I use your deposit to support our family and farm expenses in the spring months all the way through December.
- **Training for how to eat our food** -- We believe this is a necessary piece of the puzzle in helping people learn how to eat our food. You'll have access to tips and tricks on how to use up your share.
- **Weekly Recipes**, These give you a starting point for using your box to combat the feeling of overwhelm that often comes with the early years of CSA membership.
- **Access to farm events and workshops**. Because we know this helps you build a relationship with us.

**Share Pricing:**

**Spring:**

Full Share = \$360 for 12 weeks

Half Share = \$185 for 6 weeks

**Fall:**
